EDUCATION

Carnegie Mellon University - *Tepper School of Business* **Pittsburgh, PA**

B.S. Business Administration, Finance Concentration; Additional Major: Statistics & Data Science; Minor: Economics *May 2029*

GPA: 3.79/4.0 (Dean's List)

Relevant Coursework: Accounting, Microeconomics, Business Computing, Statistics, Probability, Multivariate Analysis, Finance

WORK EXPERIENCE

ImaageQ Corporation **Miami, FL**

Financial Analyst *June 2026 - July 2026*

- Analyzed financial models and investor relations strategy for ImaageQ's $5M seed round at $20M post-money valuation, built valuation frameworks and pitch materials; supported 2 investor meetings that secured $1M in committed capital
- Developed competitive analysis and market positioning strategy across 8 competitors in the spatial intelligence and AR real estate commerce landscape; identified key differentiators and presented them directly to investors during fundraising
- Built a scenario analysis (2026-2029) modeling revenue, net income, NRR, and burn rate across key operating assumptions
- Assessed exit strategy across 3 potential acquirers, timelines, and market comps, recommending an acquisition over an IPO

Grupo Agrolibano **San Lorenzo, Valle, Honduras**

Business Operations Intern *July 2025*

- Gained understanding of supply chain operations and logistics challenges across a diversified agricultural conglomerate, including how geographic constraints and country-level risk impact operational strategy in Honduras' export markets
- Participated in meetings with shipping companies including Hapag-Lloyd and Seaboard Marine to discuss freight logistics and contract negotiations, observing how the company manages operational complexity across its subsidiaries
- Learned the melon cultivation cycle end-to-end, from field operations to the administrative functions that support them

Andbank **Miami, FL**

Wealth Management Intern *July 2024*

- Conducted research on equities, fixed income, and mutual funds recommended by Andbank, a $60B+ AUM wealth management bank, analyzing earnings reports of 20+ portfolio companies to identify buy/sell/hold opportunities for clients
- Executed and processed over $1M in client transactions while reviewing key portfolios, gaining hands-on exposure to asset allocation, risk-reward dynamics of different asset types, and the process of portfolio construction and management
- Prepared daily market briefs for clients and internal teams, synthesizing market movements into actionable insights

LEADERSHIP & EXTRACURRICULAR

Stock Talks **Pittsburgh, PA**

VP of Private Markets October *2026 - Present*

- Direct private markets education for a CMU finance club of 60+ members covering public and private markets investing
- Lead private market research and bi-weekly "mini VC" style analyses of startups and private companies for club members

Research & Asset Management Academy **Pittsburgh, PA**

Mentee *January 2026 - Present*

- Selected from a pool of 30+ applicants through a rigorous interview process focused on technical competency and behavioral assessment to join CMU Tepper's premier club for careers in PE, hedge funds, and equity/credit research
- Engaged in an extensive curriculum covering private equity, hedge funds, and credit research through weekly lectures and one-on-one mentorship necessary to develop the analytical framework required for buy-side and sell-side roles
- Trained hands-on in three-statement financial modeling, LBO modeling, accounting, DCF valuation, and stock pitching

Private Wealth Advisors **Remote**

Finance Educational Seminar *July 2023*

- Delivered weekly equity presentations with buy/sell/hold recommendations on companies including Microsoft, Johnson & Johnson, JPMorgan, and Chevron, incorporating fundamental and technical analysis alongside broader market updates
- Conducted comprehensive stock analysis and developed a structured approach to equity investing through a market sim
